

1964 - 1966 MUSTANG DETAILING GUIDE

ENGINE COLORS

1965

ENGINE SIZE	BLOCK & HEADS	VALVE COVERS	AIR CLEANER
170	Black	Red-Orange	Red-Orange
200	Black	Red-Orange	Red-Orange
260	Black	Med.-Blue	Med.-Blue
289	Black	Gold	Gold w/Black Snout

Engine fan, pulley assembly, oil filler cap, air cleaner snout and down tube were chassis black in 1965.

- 1) Late 65 production 200 engines were Ford blue.
- 2) Models with Hipo (271 hp), or engine dress up kit were equipped with chromed valve covers, oil cap, and air cleaner (engine dress up kit also received chromed master cylinder cap, radiator cap and oil dip stick).
- 3) Shelbys were equipped with chromed air cleaner, brushed aluminum valve covers and oil pans, except a few late model big blocks.

The following parts are painted the color of engine block: water pump, intake manifold, engine front cover, head bolts and oil pan.

1966 Ford Blue

All exterior engine parts and components except fan, fan pulley assemblies, engine accessories and attaching brackets.
